Have you traveled in the past 10 days?</b></p> <p><i>Travel is defined as any trip that is overnight AND on public transportation (plane, train, bus, Uber, Lyft, cab, etc.) OR any trip that is overnight AND with people who are not in your household.</i></p>	<p><b>YES</b>  Access to CPSC facilities <b>NOT APPROVED</b></p> 	<p><b>NO</b>  Proceed to the Certification Step Below  Access to CPSC Facilities <b>APPROVED</b></p>
<p><b>I certify that my responses are true and correct</b></p>	<input type="checkbox"/>	

Federal employees who make a false statement on this form could be subject to an adverse personnel action, up to and including removal from their position. It is also a federal crime (18 U.S.C. § 1001) for anyone to provide false information on this form.

# THE SCREENING YOU COMPLETED INDICATES THAT YOU MAY BE AT INCREASED RISK FOR COVID-19

IF YOU ARE NOT FEELING WELL, WE HOPE THAT YOU FEEL BETTER SOON!

## Here are instructions for what to do next

1

If you are not already at home, please avoid contact with others and go straight home immediately.

2

Seek medical care as needed. Seek COVID-19 testing as recommended.

3

Contact your supervisor or your contracting company to discuss options for telework and/or leave.

Before going to a healthcare facility, please call and let them know that you may have an increased risk for COVID-19.

In case of a life-threatening medical emergency, dial 911 immediately!

## RETURNING TO THE WORKPLACE

If you have had symptoms consistent with COVID-19 or have tested positive for COVID-19, DO NOT physically return to work until you have completed your quarantine (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>) or isolation (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/isolation.html>) per CDC guidance. Read more about when it is safe to be around others (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/end-home-isolation.html>).

If you have a chronic medical condition that causes COVID-19-like symptoms and you need to access a CPSC facility within the next few days, please first get medical documentation from your primary care provider and then call EXRM to determine whether you can safely be granted access to a CPSC facility.

If you have been in close contact with someone with COVID-19 and you are not fully vaccinated, you should stay home and self-quarantine for 14 days before returning to work. Read more about when you should be in isolation or quarantine (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>). If you have been in close contact with someone with COVID-19 and you are fully vaccinated, you should stay home and get tested 3-5 days after your exposure, even if you don't have symptoms. Read more about what to do if you've had a close contact and are fully vaccinated (<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated.html>).

If you are currently isolating or quarantining because of concerns about COVID-19, please do not return to the workplace until you have completed your quarantine (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>) or isolation (<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/isolation.html>) per CDC guidance.

If you are waiting on the results of a COVID-19 test, please do not return to the workplace until you have received a negative test result and have completed any necessary quarantine or isolation per CDC guidance.

If you have additional questions about when you can safely return to work, please call OHC at 404-639-3385. For information about COVID-19 and basic instructions to prevent the spread of disease, visit CDC's COVID-19 website (<https://www.cdc.gov/covid19>).
